Section A. OFFICIAL CERTIFICATION AND OFFICIAL SERVICE MARK

Pursuant to Food and Agricultural Code section 58894, the Department will obtain and grant to the Board a U.S. registered certification mark and a U.S. registered service mark that will be the Agreement’s Official Marks. The certification mark shall only be applied to California-grown leafy green products that have been grown, packed, shipped, processed and/or handled in accordance with the Best Practices, other Marketing
Agreement requirements and any federal trademark registration requirements. The service mark shall only be used by handlers of leafy green products that are found to be in compliance with the Best Practices, other Marketing Agreement requirements and any federal trademark registration requirements. [Amended 3/5/2008]

Section B. LICENSURE OF OFFICIAL MARKS

The Board will license Signatory Handlers to use the official Marks as follows: The official service mark can be affixed to all bills of lading and other paperwork. The official certification mark can only be affixed to California-grown leafy green products, subject to the inspection, verification, suspension and revocation requirements specified in this Agreement. A Signatory Handler’s compliance with the Best Practices is a condition precedent and subsequent to the Signatory Handler’s entitlement to affix the Marks to the Signatory Handler’s paperwork and/or leafy green products. [Amended 3/5/2008]

Section C. REQUIREMENTS FOR USE OF MARKS

Leafy Green Products handlers can be licensed to use the marks in accordance with the following requirements:

1. That Signatory Handler complies with both of the following:
   a. Handler requirements of the Best Practices, or other Agreement requirements, subject to periodic inspection by a county, state or federal agricultural regulatory agency or their designee(s) contracted by the Board to provide such inspection and files with the Department and/or the Board such compliance reports as are periodically required.
   b. Maintained a trace-back system, as defined in the Best Practices, subject to annual process verification by a county, state or federal agricultural regulatory agency or their designee(s) contracted by the Board to provide such process verification and files with the Department and/or the Board such compliance reports as are periodically required.

2. That Signatory Handler does not buy, consign or otherwise accept or handle leafy green products from a grower who has not first:
   a. Grown the leafy green product and managed his/her farms in accordance with the Best Practices or other Agreement requirements, subject to periodic inspection by a county, state or federal agricultural regulatory agency or their designee(s) contracted by the Board to provide such inspection and files with the Department and/or the Board such compliance reports as are periodically required.

[8]
b. Maintained a trace-back system, as defined in the Best Practices, subject to annual process verification by a county, state or federal agricultural regulatory agency contracted by the Board to provide such process verification and files with the Department and/or the Board such compliance reports as are periodically required. [Amended 3/5/2008]

Section D. LOSS OF CERTIFICATION AND THE PRIVILEGE TO USE THE MARKS.

Loss of certification and the privilege to use the Marks shall be the penalty for a Signatory Handler’s failure to comply with the terms of this Agreement. However, the Board may additionally seek any remedy or penalty authorized by the Marketing Act of 1937 or federal trademark law to enforce the provisions of this Agreement. Loss of certification and the privilege to use the Marks shall be progressive, as follows:

1. The first flagrant or repeated violation shall result in decertification for a minimum two-week period, during which the handler loses the right to use the marks. A flagrant or repeated violation is a violation that meets one of the following three criteria:

   a. The Signatory Handler knew the product was packaged or produced in violation of either the Handler or the Grower Best Management Practices, and chose to proceed regardless.

   b. The Signatory Handler had received either a prior written Notice of Violation for the same type of violation or prior written Notices of several different violations of either the Handler or the Grower Best Management Practices.

   c. The Signatory Handler had received a prior written Notice of Violation for same type of violation of record keeping requirements during the current and prior growing season or Notices of Violation for several different violations of the record keeping requirements during the current and prior growing season.

Following the specified period of decertification and loss of the right to use the Mark(s), a handler will not be recertified until the signatory Handler has successfully completed a compliance audit and any required corrective actions stemming from that audit. [Amended 3/5/2008]

2. A flagrant or repeated violation following a decertification action shall result in an indefinite suspension of certification and the privilege to use the Mark(s) until the Signatory Handler has successfully completed a compliance audit and any required corrective actions stemming from that audit. [Amended 3/5/2008]
3. A flagrant or repeated violation following implementation of a CAP shall result in an indefinite revocation of certification and the privilege to use the Mark(s). Certification and the privilege to use the Mark(s) shall not be restored to a Signatory Handler for a minimum of two years unless the Signatory Handler demonstrates to the satisfaction of the inspecting and/or process verification agency and the Board a significant change in management and brand.

4. The Board may accelerate the progression if the Signatory Handler’s product seriously affects a person’s health and the Signatory Handler handled the product with intentional or reckless disregard for the Signatory Handler’s obligations under this Agreement.

5. Imposition of penalties shall be subject to prior informal hearing before an independent arbiter on no less than seventy-two hours written notice prior to effective date of the imposition. The decision of the independent arbiter shall be final and binding on the Signatory Handler and the Board. The Department, advised by the Board, reserves all rights and prerogatives of the Department head under the Administrative Procedures Act, including, but not limited to, the power to declare a decision precedential and additionally, the power under the Marketing Act to clarify what constitutes a violation.

A Signatory Handler’s withdrawal from the Agreement under Section Article XII, Section B. shall not abrogate the effect of any action taken under Section D against that Signatory Handler or any successor of that Signatory Handler.

ARTICLE VI
UNFAIR TRADE PRACTICES

Section A. Signatory Handlers agree that the handling, purchase, shipment or offer for sale of a leafy green product that does not comply with the requirements to bear the mark constitute separately and together an unfair trade practice within the meaning of Food and Agricultural Code section 58890. Signatory Handlers agree not to engage in such unfair trade practices. 2. In the event that a Handler becomes a Signatory Handler to the Agreement, they shall pay an annual non-refundable assessment, recommended by the Board and approved by the Department which shall be due and payable to the Department or the Board at such times and in such manner as the Department or the Board may prescribe. Said disbursements or expenditures of money so deposited shall be in accordance with rules and regulations prescribed by the Department in accordance with the provisions of this Agreement or the Act.

2. Any monies remaining from assessments, collected pursuant to this Agreement and upon recommendation by the Board and approval by the Department, may be refunded at the close of any Marketing Season upon a pro rata basis to all Signatory Handlers from whom such assessments were collected; or, such monies, upon recommendation of the Advisory Board and approval by the Department, may be carried over in reserve into the next succeeding Marketing Season whenever the Department finds that such monies may be required to assist in defraying costs of the Advisory Board.

3. Upon termination of this Agreement, any and all monies remaining and not required by the Department to defray the expenses of this Agreement, including termination costs, shall be returned by the Department to those Signatory Handlers from whom such assessments were collected upon a pro rata basis. If the Department finds that the amounts so returnable are so small as to make impractical the computations and remitting of such pro rata refunds to such persons, the Department may use such funds to defray the expenses incurred by it in the formulation, issuance, administration or enforcement of any subsequent marketing agreement or marketing order covering the purposes set forth in this Agreement.

In the absence of the use of such funds for such purpose, the disposition of the funds shall be as further provided in Section 58938 of the Act.
